

SR-710 Tunnel Technical Study Exploration Program Notice THURSDAY, MARCH 19 AND FRIDAY, MARCH 20, 2009

In June 2008, Caltrans and Metro began the SR-710 Tunnel Technical Study to examine the possibility of extending the SR-710 through the use of a tunnel. This geotechnical study will involve research, exploration and technical analysis of the soil and sub-surface conditions found while tunneling at depths of more than 250 feet.

What type of testing will be performed?	Testing of local soils will be studied by taking an electronic image of soil conditions along a 3000 foot long designated study area. Information on rock layers and layering, near-surface faulting, sub-surface voids, and bedrock elevations or depths will be gathered.
Where is the testing site located?	The testing site is located on Oxford Rd., between Monterey Rd. and Orlando Rd. in the <u>City of San Marino</u> . Testing on Thursday, March 19, 2009 will be conducted along the West Curb Lane from Monterey Rd to Euston Rd. Testing will resume on Friday, March 20, 2009 along the center of the road from Euston Rd to Orlando Rd.
*When will testing in this location begin and end?	Work will begin on Thursday March 19, 2009 and end on Friday, March 20, 2009.
*What time will testing crews be present?	Crews will be on-site from 7 a.m. to 6 p.m.
What can I expect during working hours?	Intermittent minor vibrations, temporary parking restrictions in place for two days only and slight traffic delays. No off-street parking will be permitted, in work zone, from 7 a.m. to 6 p.m.
Will local access be permitted during the testing?	Access to private property and driveways will be maintained at all times. No traffic detours are planned. Crew will remove traffic control signs and cones at the end of the first day and reset at the beginning of the second day. Please follow all applicable traffic and safety laws.
Where can I call to get more information?	Call 1-877-710-4111 or visit http://www.710tunnelstudy.info

***Schedule is subject to change.**

Please use extreme caution while walking, bicycling or driving near the testing area and obey all traffic signs.

Thank you for your patience and cooperation!
